

**TO HONOR CALHOUN.**

Ladies ant South Carolina Represented in the Hall of Fame.

To the Editor of Herald and News: We, the undersigned, representing the King's Mountain Chapter, D. A. R., Yorkville, S. C., wish to call your attention, and that of your readers, to a work in which we beg your cordial help and co-operation.

Last winter, 1906, this chapter inaugurated a movement which had for its object the honoring the memory of John C. Calhoun by placing his statue among his compeers in the Statuary hall of the Capitol at Washington.

No South Carolinian ever views these stately statues, erected by practically all the states of the Union in memory of her foremost sons, without wondering why our place has been so long unoccupied.

Last year we wrote to every woman's organization and to all the newspapers of the state asking them to use their influence to have the legislature appropriate the sum of \$50,000.00 (ten thousand dollars) for the purpose of placing a statue of John C. Calhoun in the Statuary Hall of the Capitol at Washington. There is no dissenting voice in regarding Calhoun as South Carolina's most fitting representative. He was for forty years the most conspicuous and influential figure in national politics; he was Representative, Senator, Secretary of War, Secretary of State, and Vice-President. Last year the bill was unanimously passed in the senate, but was not acted upon in the house.

This winter the petitions will be renewed, the bill will again be introduced, and we believe the legislature of South Carolina will be proud to place itself on record as the one to thus fitly honor our greatest statesman.

Through the columns of your paper we wish to appeal to every South Carolinian, man and woman, to give their support and influence to the effort we are making to have our dear old state honor herself in according this recognition to her illustrious son.

In the nation's Hall of Fame shall South Carolina alone be unrepresented?

"Count not the cost of honor to the dead, The tribute that a mighty nation pays To those who loved her well in former days"

Means more than gratitude for glories fled; For every noble man that she hath bred, Immortalized by art's immortal praise Lives in the bronze and marble that we raise, To lead our sons as he our fathers led.

These monuments of manhood brave and high, Do more than forts or battle-ships to keep Our dear-brought liberty. They fortify The heart of youth with valor wise and deep; They build eternal bulwarks and command Eternal strength to guard our native land."

We should be glad to have the citizens of the state express themselves upon this subject.

Thanking you for the courtesy and encouragement shown us,

Yours respectfully,  
Miss Maggie A. Gist.
